Canopy

FACT SHEET

Graphic and pointillist, Canopy incorporates the rustic bling that Clodagh is renowned for. It is a very specialized design that comes in a neutral color palette- some colors are subtle, while others add a bit of bling for interest. Canopy has an interesting effect on a wall, similar to a screen that has been "punched through" to let the light in- you can see the abstract pattern forming around the light, shining through from the back.

***Metallic**
****Mylar**

These decorative metallic and mylar wallcoverings should only be cleaned with mild ingredients such as soap, detergent and water. Stronger, more alkaline household cleaners have the potential to damage the surface of the material along with excessive scrubbing.
