FACT SHEET

Malay is inspired by the hand woven mats, baskets and wall coverings that are a cultural tradition in Malaysia. Mengkuang and Pandan leaves are used for their smooth and durable fibers to create woven designs inspired by nature. Weaving is such an ingrained craft in Malaysia that village maidens cannot be considered accomplished unless they can weave beautiful mats. Evans & Brown, fired by the look and feel of Malay tradition, has created a wallcovering that duplicates the look and feel of hand-woven mats as a tribute to Malay cultural crafts.
