

Windham Frieze® is reminiscent of a growing forgotten vine, completely covering a mansion's stone wall. The dense leaf coverage appears to be cast in stone but despite the density the leaves retain an airy lightness giving the pattern the feeling of being very much alive.

\*Colorways marked with an asterisk are decorative metallic wallcoverings and should only be cleaned with mild ingredients such as soap, detergent and water. Stronger, more alkaline household cleaners (ie. Lestoil®) have the potential to damage the surface of the material along with excessive scrubbing.
