

Harriet's graphic mix of colors infuse a room with playful personality and dimension through structured geometric shapes, creating a stylish expression. Colorways range from comfortable, neutral tones to striking accent colors reflecting an organic and versatile palette. The use of color emphasizes different effects of the design: subtle shades create a soft effect while more contrasting tones give a room a dramatic feel. Harriet's substrate and coordinating pattern, Oliver, provides a clean, textural emboss that compliments the design and brings it to the next level.
